to Deborah, me

Hi Deb,

You are correct that this information is part of the public record. To create an administrative record of the disclosure process, I am going to treat this as a public records request and refer this to Annie Thompson who is our Records Access Officer.

Dr Provost,

Good Morning. Staff received an email yesterday stating that due to a few parent complaints to DESE, there is an investigation into whether Wednesday O Day meets the requirements for time on learning. I would think that parents writing to DESE is public information. I was hoping you would be able to guide me in the process of obtaining the names of the parents who have written to DESE to complain. This news was very upsetting to many staff members, staff members who are going above and beyond school hours to maintain relationships with family and students, providing curriculum in an engaging manner and checking in with students whenever needed. I appreciate your assistance and guidance.

Thank you.

Deb

Hi Deb,

Apologies for this taking so long. It's been another crazy day. This should be what you're looking for.

Thanks for your patience,

Annie
